

DOMAINE LES CAIZERGUES

Organic wines direct from an independent French vineyard, owned by a couple from Rickmansworth.

Domaine les Caizergues, which nestles in the foothills of the Cévennes, north of Montpellier in the South of France, is where centuries of tradition meet modern innovation. Our estate is delighted to have won a number of prestigious awards and is renowned for producing wine that speaks of its wonderful location.

Our wine is cultivated without harmful chemicals which are better for biodiversity, everyone living and working locally, and the wine itself. We are delighted to be formally accredited 'organic' by the French body, Ecocert.

We hope you thoroughly enjoy this evening with the RDRA, relishing the wine tasting experience and taking advantage of the discounted prices to purchase your favorites.
