

Important changes to the Metropolitan line timetable

Monday 2 until Thursday 5 June

The next phase of the Four Lines Modernisation Programme will be introduced over the weekend of Saturday 31 May and Sunday 1 June.

To help embed this latest upgrade to the signalling system, a temporary timetable will be in place between Monday 2 and Thursday 5 June.

There will be changes to train times throughout the day and fewer peak hour services will run.

Visit tfl.gov.uk/plan-a-journey, or scan the QR code below to check for train times.

From Friday 6 June the summer timetable, which was introduced on Monday 14 April, will resume.

For display at all Metropolitan line stations
